A CALL TO ARMS

Russian Workmen Looking Forward to Decisive Struggle.

UNIVERSAL SUFFRAGE

With a View to the Formation of a Democratic Republic Is What the People Now Demand.

Disorders Continue Throughout the Empire and Odessa Is Under Martial Law.

St. Petersburg, Nov. 3.—The council of the workmen's delegates at midnight issued a notice pointing out the necessity for arming workers for a decisive struggle for the convocation of a constituent assembly based on universal suffrage with a view to the formation of a democratic republic.

The council decided to suspend the political strike at noon today, but on the condition that it be resumed if the demands were not granted. The council decided also that only those newspapers may appear whose editors will entirely ignore the censorship. Compositors have refused to work except under this condition, and newspapers not complying with it will be confiscated, their presses destroyed and their workmen boycotted. The railway men's union, however, has decided to continue the strike, mainly through a desire to prevent the transport of troops to Finland. The union of unions has resolved to demand complete amnesty for political prisoners, the immediate withdrawal of troops from St. Petersburg and their replacement by militia drawn from the people.

The proceedings of the workmen's council appear daily in a secretly printed newspaper, which today contains an article saying:

"Freedom of meeting, but the meeting surrounded by troops; freedom of speech, but the censorship remains; freedom of learning, but the university occupied by troops; inviolability of person, but the prisons full; Witte given, but Treppoff remains; constitution given, but autocracy remains; all given, nothing."

It was officially announced last night that the censorship of press telegrams had been abolished. It was stated that officers and privates who met at the university on Oct. 30 formally resolved to use arms against the autocracy, which was striving to strangle the proletariat, who had now reached the last act of the revolution.

Dispatches received here report anti-Jewish rioting at Romny and at Saratoff, where a synagogue was burned to the ground. The disorders still continue.

A dispatch from Odessa says that martial law was declared there yesterday afternoon. The whole garrison was turned out and now occupies the city. Police control has also been re-established. All citizens are forbidden to leave their houses after 9 in the evening, at which hour all lights must be out. Maxim guns have been placed on positions commanding a hundred streets. Under these conditions, the dispatch says, a repetition of the fearful scenes is practically impossible. The peace-loving people are overjoyed at the prospect of witnessing the restoration of order and the comparative security of life and property. The military has now adopted drastic measures to force the disorderly mobs to return to their homes.

REMARKABLE GENIUS

Displayed by Leader of Russian Strikers.

St. Petersburg, Nov. 3.—It is now definitely established that the whole strike was practically conducted by a student organization which belongs to the social democratic party. Much of the work has been directed from the headquarters at Berlin and Geneva. The organization includes students throughout Russia and they are acting in harmony with the leader in St. Petersburg, who has displayed remarkable genius as an organizer and director. He is a young man of twenty-three and an exceedingly clever student. His special aptitude is mathematics. He is a fine but cool-headed speaker of much personal magnetism. The comrades of the student leader manifest intense devotion to him and rely implicitly on his judgment. Amnesty is expected to be proclaimed today. It is understood, however, that it will except certain classes of political prisoners whose liberation it is considered would threaten public and individual safety. It is estimated that amnesty will affect 15,000 persons who are shut up in jails, prisons and fortresses in European Russia and other thousands in the penal colonies of Siberia. Besides, it will permit the return of countless others who are banished from their homes and compelled to live in specified localities.

An All-Night Riot.

Vyazma, Russia, Nov. 3.—During the celebration of the granting of a constitution to Russia a Jewish service was held to the memory of those who died in the cause of freedom. The flags of the demonstrators bore the words: "Long live the constitution" and "Liberty, Equality and Fraternity."

Then, singing the "Marseillaise," the demonstrators marched to the prison and compelled the release of a few political prisoners. As the processionists were returning through the public square they were set upon by a mob with shouts of "Kill the Jews!" A free fight and a panic followed. The mob then hurried to the Jewish quarters, sacked the shops and broke into the residences, destroying everything and committing horrible atrocities. As there were only a few troops in the town the authorities were powerless. The rioting continued all night long.

Crowd Fled in Panic. Sebastopol, Russia, Nov. 3.—While a crowd of demonstrators were gathered in front of the prison demanding the release of political prisoners, the gates of the prison were suddenly opened by the troops who fired several volleys. The crowd fled in panic, leaving many dead or wounded. Forty of the wounded were taken to the hospitals. Among the killed were several soldiers.

Crisis at Helsingfors. Helsingfors, Finland, Nov. 3.—The crisis here continues. About 4,000 volunteers have been enrolled and the hotels transformed into hospitals under volunteer Red Cross detachments. The excitement is high and there has been much bloodshed.

A COMPLETE SURPRISE

Packers Claim Immunity Under Agreement With Garfield.

Chicago, Nov. 3.—Complete immunity from prosecution under the pending indictment returned by the federal grand jury several months ago is claimed by J. Ogden Armour and the other defendant packers and agents charged with being promoters of the so-called "beef trust" in an additional plea in bar filed by Attorney John S. Miller, the packers' representative. The new plea, which came as a complete surprise to the government, sets up, as facts, that when James R. Garfield, commissioner of corporations, investigated the beef business he promised the packers that whatever testimony they gave without being under oath, or whatever documentary evidence they voluntarily produced, the defendants should have the same rights, indemnities and immunities as if they had testified under oath and compulsion. Under this new plea Attorney Miller hopes to establish the fact that there was an agreement between the packers and the government that they should testify and produce evidence without being subpoenaed or the oath being administered, but that as far as immunity was concerned, it should be considered as if they had been subpoenaed and took the oath.

The allegation of an agreement between Commissioner Garfield and the packers was a surprise to District Attorney Morrison and Assistant Attorney General Pugin, and it was said that Commissioner Garfield has been asked concerning exactly what occurred during the investigation into the beef business.

The plea alleges that the testimony and evidence, it was understood, should not be used by the department of justice in any way as a basis for any prosecution of proceedings against the defendants. Then, it is declared, with the assurance of the commissioner, the defendants appeared before him and told concerning the things wished to be inquired about and which are now incorporated in the indictment. Notwithstanding the promises of the government, it is declared, the testimony and evidence produced by the defendants were given to the department of justice and finally to the local district attorney, and that this information has been used and is now being used in the prosecution of the packers. All these allegations the defendants proclaim themselves ready to verify.

GRATEFUL HEARTS

Are Called Upon to Give Thanks to the Giver of Good.

PRESIDENT NAMES DAY

Thursday November 30, Is Set Apart as a Time For Solemn and Earnest National Thanksgiving.

A Need to Consecrate Ourselves to a Life of Cleanliness, Honor and Wisdom.

Washington, Nov. 3.—The president has issued his proclamation naming Thursday, Nov. 30, as a day for thanksgiving. The proclamation follows:

By the President of the United States of America:

A PROCLAMATION.

When nearly three centuries ago the first settlers came to the country which has now become this great republic, they fronted not only hardship and privation, but terrible risk to their lives. In those grim years the custom grew of setting apart one day in each year for a special service of thanksgiving to the Almighty for preserving the people through the changing seasons. The custom has now become national and hallowed by memorial usage. We live in easier and more plentiful times than our forefathers, the men who with rugged strength faced the rugged days; and yet the dangers to national life are quite as great now as at any previous time in our history. It is eminently fitting that once a year our people should set apart a day for praise and thanksgiving to the Giver of Good, and, at the same time that they express their thankfulness of the abundant mercies received, should manfully acknowledge their shortcomings and pledge themselves solemnly and in good faith to strive to overcome them.

During the past year we have been blessed with bountiful crops. Our business prosperity has been great. No other people has ever stood on as high a level of material well-being as ours now stands. We are not threatened by foes from without. The foes from whom we should pray to be delivered are our own passions, appetites and follies; and against these there is always need that we should war.

Therefore, I now set apart Thursday, the 30th day of this November, as a day of thanksgiving for the past and prayer for the future, and on that day I ask that throughout the land the people gather in their homes and places of worship, and in rendering thanks unto the Most High for the manifold blessings of the past year, consecrate themselves to a life of cleanliness, honor and wisdom, so that this nation may do its allotted work on the earth in a manner worthy of those who founded it and of those who preserved it.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington this second day of November in the year of Our Lord one thousand nine hundred and five and of the Independence of the United States the one hundred and thirtieth.

THEODORE ROOSEVELT.

By the President:

ELIHU ROOT, Secretary of State.

Judge Baker's Case.

Washington, Nov. 3.—United States Circuit Judge Francis E. Baker of Indiana will not be called upon to plead to an indictment charging him with violating the civil service law, which prohibits the collection of campaign assessments from government employees. This is the crux of a report submitted to the president by the department of justice, which has just concluded an investigation of the charges against Judge Baker by the civil service commission. Civil Service Commissioner Green charged in his recent official statement of the case that several clerks employed in the postoffice at Goshen, Ind., had been urged by Judge Baker to subscribe 5 per cent of their salaries to the Republican campaign fund three years ago.

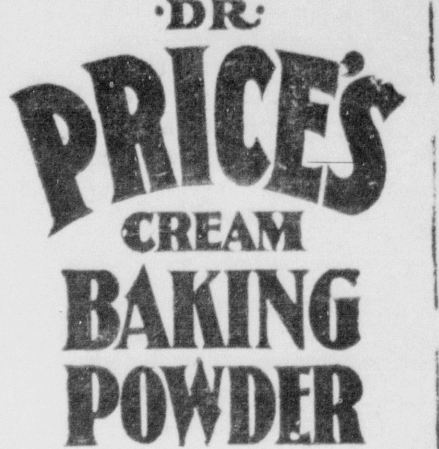

Confessed With Glee.

Jacksonville, Fla., Nov. 3.—Isham Edwards, who will be hanged today for the murder, last September, of N. W. Eppes, superintendent of public instruction for Leon county, has confessed to another murder perpetrated about three months earlier. The victim was a negro woman and Edwards with great glee described her dying struggles. He went to her home the next day and acted as one of the pallbearers and took part in the singing and praying at the funeral. Edwards is a negro.

Cordial Welcome to Taft.

Panama, Nov. 3.—Upon the arrival of Secretary Taft he was received by a special government commission. In company with Governor Magoon, the secretary then paid a visit to President Amador and his cabinet. The engineers with Secretary Taft will be very busy during their stay on the isthmus. Their headquarters have been arranged in honor of the American secretary of war.

CHINA WAKING UP

Night of Despotism to Give Way to Dawn of Liberty.

New York, Nov. 3.—Yu Chuan Chang, a member of the Chinese commission which is to draft a constitution for the Chinese empire, has arrived here on the steamer Grafwaldersee from Hamburg. He is secretary of the branch of this commission, which will study the constitution of the United States. Prince Tsai Tsche is the head of this section of the constitutional commission. Other sections will investigate simultaneously the constitutions of foreign countries.

Yu Chuan Chang said: "When these special ambassadors have finished their work and submitted the draft of the constitution for China to the emperor, China will step out of the ranks of absolute monarchs and enter the constitutional empire."

"The Chinese constitution will embrace all of the best features of the constitutions of America, Japan, Great Britain, France, Germany and Austria. The travels of the special embassy will be ended in about eight months, after which the envoys will draw up a constitution."

Mr. Chang added that this departure from ancient usages was due to the gradual spread of Japanese influence over the empire since the Japanese-Russian war. He said that Japan has urged China to modernize her laws and government and thus form a strong alliance of the yellow races in the far East.

MYSTERY CLEARING

A Confession Secured in Boston Suitcase Murder.

New York, Nov. 3.—Two men are under arrest at police headquarters in this city charged with homicide in connection with the suitcase mystery in Boston. One of the men, W. Howard, is said to have confessed that he and his fellow prisoner, Dr. Louis Crawford, alias Albert H. Emory, were the ones who took the body from a hospital on Tremont street, Boston, and threw the dismembered portions which were concealed in suitcases and a hand satchel, into Winthrop harbor. Howard denies that he knows anything about the cutting up of the body, while Crawford refuses to say a word. Chief Inspector Watts of Boston is on his way here with witnesses who say they saw the men throw the body from a ferryboat.

Gave False Testimony.

Goshen, Ind., Nov. 3.—Oliver Meyers, bartender for a saloon keeper at Kuhn's Landing, testified that no whiskey was sold in an effort to save his employer from being fined for selling to minors, but afterward the saloon keeper entered a plea of guilty. Meyers was then prosecuted for perjury, and he has been convicted and committed to prison under the indeterminate sentence act.

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat? Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder, or hurt when lying on left side? If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and dizziness, and gradually grew worse. I was told by my family physician that I was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

Republican City Ticket.

For Mayor,
GEORGE G. GRAESSLE.
For Clerk,
FRED EVERBACK.
For Treasurer,
JAMES H. BOAKE.
For Councilmen-at-Large,
W. JESSE WEAVER.
HAL A. LOVE.
Councilmen,
1st Ward—SAMUEL HODAPP,
2nd Ward—AUGUST CORDS,
3rd Ward—JOSEPH BROWN,
4th Ward—JNO. W. MORTON,
5th Ward—FRANK BRETHAUER

THE voters of the First ward will do themselves credit by electing Samuel Hodapp councilman. His long service in a responsible position with the railroad company is the best possible evidence of his competency and faithfulness. He will render just that sort of service to the people. Vote for Hodapp.

AUGUST CORDS, the republican nominee for councilman in the Second ward, has for years been one of the leading business men of our city. He is one of our best and most useful citizens. Everybody has confidence in his business ability and his integrity is unquestioned. As a member of the council he has proved his worth. He is a true representative of the people. The voters of the Second ward will make no mistake by supporting and reelecting August Cords.

IN THE Third ward the republicans have nominated Joseph C. Brown, one of the best known men of that ward. He is respected and esteemed by all who know him. For years he has been the engineer at the Blish mill and has rendered splendid service. As a member of the city council he will serve the people with his characteristic faithfulness and fidelity. He is just the man the people of the Third ward need to represent their interests, for as councilman he will have weight and influence. Voters of the Third ward vote for Brown.

UNDER the new municipal law each city of the class of Seymour elects two councilmen-at-large. For these two positions the republicans have nominated W. Jesse Weaver and Hal A. Love, two excellent and thoroughly competent men. They are well versed in the affairs of the city and will render faithful service to the people. Public business entrusted to such men will always be carefully and honestly attended to. They are men of sound and conservative judgment and as citizens they are loyal and true. Give them your earnest support and your vote and you make no mistake.

WE stated a few days ago that in our opinion neither the democratic candidate for mayor, nor his best man, Mr. Munden, fathered the substitute for the law submitted. We were right. In Wednesday's issue of the Democrat Mr. Munden assumes editorial control and positively denies responsibility. The plan was not submitted in sincerity, it had not been followed by Mr. Munden's candidate and it was easy to anticipate that it would not be kept in the future. The republican committee was wise in standing by the law, which one side must obey as well as the other.

THE men elected next Tuesday will hold office four years. It is therefore important that good men be chosen. Elect Dr. G. G. Graessle and the whole republican ticket and no mistake will be made. These are all good and true men.

PROF. J. H. TOMLIN, of Shelbyville, was here today a few hours and called on Supt. H. C. Montgomery and a few other friends in the interest of his candidacy for state superintendent. He is superintendent of the Shelbyville city schools and takes high rank with the educational men of the state. He went from Rockport to Shelbyville eleven or twelve years ago.

JOHN W. MORTON, our candidate for councilman in the Fourth ward, is an honest, industrious and intelligent citizen. As a member of the city council he has rendered loyal and efficient service to the people. He is attentive to duty and looks closely after the interests of his constituents. His splendid record in the council entitles him to reelection by an increased majority. Vote for Morton.

IN THE Fifth ward the republican candidate for council is Frank Bretthauer, who is well known and held in high esteem by all our people. His record in the council commends him to the voters. His long experience makes him a most valuable and useful member of that body. He is a man of integrity and a high class citizen. He is careful and conservative and represents the interests of the people with strict fidelity. The voters of the Fifth ward will do themselves credit by reelecting him by an increased majority.

As city clerk Fred Everback has made a splendid record. Seymour never had a better or more efficient clerk than he is. He knows every part of the work of the office thoroughly and attends to business in a most careful and intelligent manner. His books are neatly and carefully kept. He is trained in business and applies business methods in conducting the affairs of his office. He is a thorough gentleman and is always genial and accommodating. He has the confidence and esteem of all our people. In fact he has all the qualities and equipment that go to make a first class officer. He has proved himself worthy and deserves to succeed himself as he will. Give him your support and vote and you make no mistake.

WE have given more attention than was really necessary to the false issue sprung by the opposition in this campaign. We now desire to remind voters and taxpayers to keep their minds on the main issue. We are just at a point where the character of the city administration may do much to help or hurt the growth and prosperity of our city in the future. The republican candidates are progressive and in sympathy with all things that tend toward the welfare of the community. They are men of unquestioned ability, familiar with their duties and of the highest character and integrity. They should be elected by such a majority as will emphasize the confidence reposed in them and call forth their very best efforts in the service of the people.

Suit For \$5,000.

Allen Gray, a millionaire, of Evansville and brother of the late Senator James Gray, has been made a defendant in a damage suit for \$5,000, brought by Albert S. Dickey, a rural mail carrier of West Baden. In July last Dickey's mail wagon was struck by Gray's tourist car, near West Baden, and Dickey says he was so badly injured that he has been unfitted for any labor.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at W. F. Peter drug Co. price 50 cents.

"Pretty Peggy."

It was with marked approval that the play, "Pretty Peggy," was received here last night at the local play house, and the large audience left the theatre feeling that they had seen the greatest theatrical event of the season if not the best play ever produced from the stage of the Franklin opera house. The traditional love affair between Peg Woffington and David Garrick, captivated the people. Miss Corcoran's support is made up largely of professionals with a reputation, and the company as a whole is one of the best ever in the city.—Franklin Star.

This same company will be at the Seymour opera house tonight.

ODON BANK

Visited By Robbers on Thursday Night.

An attempt was made to rob the Odon National Bank Thursday night. The doors of the big safe were blown open but the robbers failed to get the strong box containing \$6,000 open.

Jacob Shields, a citizen happened along by the bank and two of the men bound and gagged him, robbed him of fifteen dollars, and left him lying on the sidewalk.

The robbers became frightened and left the bank without securing any money after their first attempt and failure to get the money vault open. It is suspected that the same men robbed the Sauborn bank the night before.

Social Evenin g

After the work of the regular meeting of the Odon Lodge, K. of P., was over last evening the Knights were given a surprise by the ladies of the order of the Rathbone Sisters who assembled at the hall, bringing with them baskets well filled with excellent refreshments. The evening was very pleasantly spent by all present and a very fine musical program under the direction of Norman Barkman was rendered. Dr. E. R. Harris gave a very fine piano solo and L. L. Bartlett and Geo. T. Bartlett pleased all with their vocal numbers. Earl N. Cox was most entertaining in his illustration of the song "When the Orioles are Nesting Once Again", sung by L. L. Bartlett.

Major N. G. Winner and his wife the smallest married couple in the world, were present and after a talk by the Major, Mrs. Winner played the piano accompaniment to a vocal solo by Mr. Winner. The program thus came to a very pleasant close at a late hour.

Nervous Women

Their Sufferings Are Usually Due to Uterine Disorders Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women are nervous? How often do we hear the expression, "I am so nervous, it seems as if I should fly;" or, "Don't speak to me." Little things annoy you and make you irritable, you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in women is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fit of depression or restlessness and irritability. Spirits easily affected, so that one minute she laughs and the next minute weeps. Pain in the ovaries and between the shoulders. Loss of voice; nervous dyspepsia. A tendency to cry at the least provocation. All this points to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes: "I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night."

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me."

"I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick and weak and discouraged, exhausted each day, when you can be as easily cured as other women.

NATURE TELLS YOU.

As Many A Seymour Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action: Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Seymour people testify to this. Mrs. Jane Combs, of Cincinnati Ave says: "I procured Doan's Kidney Pills from C. W. Milbous' drug store. Two members of my family suffered greatly from their back and kidneys and I insisted on their taking a course of the treatment. They did so and were soon benefited. I also used the remedy myself with good results. Doan's Kidney Pills strengthen the kidneys, remove backache and banish annoyances arising from difficulty with the kidney secretions. I recommend them heartily to others in need of a reliable kidney remedy."

Millionaire's Poor Stomach.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. At all druggists.

PARTY FEALTY

Its Importance in Municipal Contests Is Pointed Out.

Indianapolis, Nov. 3.—All doubt has been removed as to the hope of the Republican leaders to elect Charles A. Bookwalter mayor because he is a Republican. The managers of his campaign induced Senator Beveridge to make a brilliant appeal to the Republicans to "line up" for the ticket, and they believe that his argument will bring hundreds into camp. Captain Harry New, vice chairman of the Republican national committee, was then called to the front to make a similar appeal. He issued a long statement repudiating the assertions of Bookwalter's opponents that party lines should not be drawn in the contest. He said that the outcome of the election here will have an important bearing on the future of the Republican party in state and national affairs. He pointed out that it is very important to the Republicans to control the city offices, as the control might give the Democrats advantage next year, when sixteen members of the legislature are to be elected here. Addison C. Harris, former minister to Austria, and other prominent Republicans are working day and night to convince the voters that party lines ought to be drawn.

The statehouse is to be redecorated, which is good news to the men who spend their time there, as it is beginning to look rusty, especially when compared to the new federal building, which cost over \$2,000,000. At the last session of the legislature an appropriation of \$10,000 was made for the work. This was found sufficient to pay for the work of redecorating the entire interior of the building, with the exception of the house and senate chambers, courtrooms, third floor corridor and state museum. Another appropriation will be asked of the next legislature.

The board of trustees of the woman's prison and girls' industrial school has filed with Governor Hanly a report of the investigation it made of the charges lodged against Miss Emily Rhoades, superintendent of the institution. He is going over the evidence, but he said he will not take any action until he is thoroughly familiar with it. A demand has been made for a public investigation, and some of the officers of the institution favor it, but Governor Hanly has not determined whether or not it will be necessary.

While Senator Beveridge was here pleading for harmony among the Republicans, Senator James A. Hemenway was performing a like service at Evansville. A news item from there says: "Senator Hemenway has spent two days this week with Congressman Poster urging the Republicans to adhere to party lines. Senator Hemenway's efforts have met with success, and the split in the Republican ranks is noticeably closed." Senator Hemenway will remain at home until after the election next week.

RHEUMATISM AN INSIDIOUS DISEASE THAT BREAKS DOWN THE STRONGEST

Rheumatism does not come on in a day; the disease becomes entrenched in the system for years. This insidious disease becomes entrenched in the blood, and some exposure to cold or damp weather, or slight indiscretion brings on an attack. Poor digestion, stomach troubles, weak kidneys, torpid liver, and a general sluggish condition of the system are responsible for Rheumatism. Food souring in the stomach poisons the blood, the failure of the kidneys and liver to act properly leaves waste matter and impurities in the system, which, coming in contact with the natural acids of the body, form uric acid. This is absorbed by the blood, and as it penetrates to the muscles, nerves and bones produces the terrible pains and aches and other disagreeable symptoms of Rheumatism. Life is made a torture by its excruciating pains, nerves are shattered, the health undermined, and if the disease is not checked it breaks down the strongest constitution. It will not do to depend on plasters, liniments, etc.; such treatment is helpful in easing the pain and reducing the inflammation, but does not reach the blood where the real trouble is located. S. S. S. cures Rheumatism by purifying and invigorating the thin, acid blood, driving out all impurities and poisons and sending a stream of strong, rich blood to wash out all irritating particles that are causing the pain and inflammation. S. S. S. stimulates the sluggish organs to better action, tones up the stomach and digestion, restores nervous energy and builds up the entire health. S. S. S. cures Rheumatism, whether acute or chronic, and the cure is thorough and lasting. Book on Rheumatism and any medical advice desired without charge.

Defeats Columbus in Three Straight Games.

The Columbus bowling team that came down Thursday evening defeated three straight games at the Seymour bowling alleys by a local team. The game was witnessed and enjoyed by numerous spectators. Not many high scores were made by any of the bowlers. The Columbus boys had not played on the Seymour alleys before and therefore claimed that they were to a disadvantage to that extent. The Columbus Times says that they were so ashamed of their defeat that would not give their scores. The Seymour boys will go to Columbus to play in the near future.

VINOL'S RELIABILITY

Prominent Physicians Join The W. F. Peter Drug Co. in Praising This Meritorious Preparation.

Countless physicians and druggists are now prescribing and endorsing Vinol as the most valuable cod liver oil preparation known to medicine, and it is fast superseding all other forms of cod liver oil and emulsions.

This is because Vinol is guaranteed to contain in a highly concentrated form all of the medicinal, curative elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of the useless, system-clogging oil to upset the stomach and retard its work.

Vinol is not a patent medicine, as everything in it is named on the label, and it can be seen that it is absolutely free from drugs and all injurious ingredients.

A prominent physician writes, "I believe Vinol to be the most valuable cod liver oil preparation, the best body-builder, health restorer, and strength creator known to medicine today, and I should be very sorry to have to do without Vinol in my practice."

Mr. Peter of the above firm says, "In cases where cod liver oil, emulsions and other tonics fail, Vinol will heal, strengthen and cure."

In the strongest manner we endorse and guarantee Vinol to create strength for old people, weak sickly women and children, and after severe sickness and to cure hacking coughs, chronic colds, all throat and bronchial troubles or return money if it fails." W. F. Peter Drug Co.

Two physicians could not help her: so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." A CLERICAL ERROR

Gives John W. Terrill Under
Life Sentence, His
Freedom.

TYPEWRITER'S BLUNDER

The Machine Stuttered and the In-
dictment Was Dated Thousands
of Years Ahead.

State Supreme Court Holds That
This Is Sufficient to Set Aside
the Trial.

Indianapolis, Nov. 3.—John W. Ter-
rill, who killed his son-in-law, Melvin
Wolfe, at Bluffton, was sentenced
to life imprisonment, is a free man.

The supreme court has reversed the
decision of the lower court in the
Terrill case on the ground that the
indictment charges, that the offense
was committed 16,000 years from now.
The date in the indictment was 1903,
a simple error in typewriting, but suf-
ficient to give Terrill his freedom, the
decision quashing the indictment.

Terrill has been in Easthaven hospi-
tal for the insane at Richmond since
he was sentenced, but is now at liberty
to leave the asylum as soon as he is
pronounced cured. The decision of
the supreme court is one of the most
novel in the history of the state.

Terrill killed Wolfe because he had
wronged his daughter, married her,
but refused to live with her.

CRACKSMEN AGAIN ACTIVE

The Bank at Sandborn Looted of Its
Cash on Hand.

Washington, Ind., Nov. 3.—Cracks-
men believed to be members of the
same gang that so successfully op-
erated at Ridgeville and at Hagerstown
blew open the safe of the Bank of
Sandborn, seventeen miles north of
this city, and escaped with \$4,400.
The burglars employed the same meth-
ods the cracksmen used in committing
the other robberies. Tools were
stolen from a blacksmith shop, a rear
door of the bank building was forced
open, and nitroglycerine was used in
blowing open the safe.

The robbery was characterized by
the same cool-headed work that marked
the Ridgeville and the Hagerstown
crimes. The shock of the explosion
was heard by citizens, but they made
no attempt to capture the robbers.

Of the \$4,400 stolen by the robbers
\$3,500 was in gold and silver coin and
weighed about 160 pounds. The Sand-
born bank was a branch of the Ger-
man National bank at Vincennes. It
carried \$3,500 burglary insurance.

There were six men in the gang, and
it is believed that the robbers sep-
arated at a point about half a mile
from the town, after dividing the plun-
der.

Suspects Arrested.

Louisville, Ky., Nov. 3.—The police
have arrested four men giving their
names as William Clark, Robert
Moore, James Martin and William
Patterson, and are holding them as
suspected felons, on the belief that
the detectives that they are the men who
robbed a bank at Ridgeville, Ind., sev-
eral days ago. The police have asked
the sheriff at Ridgeville to send a man
to identify the suspects, if possible.

Fatal Hunting Accident.

Hammond, Ind., Nov. 3.—While
hunting in the vicinity of Wolf lake,
this county, William Whitley, a mem-
ber of the Hammond high school foot-
ball squad, was fatally shot by his
cousin, Louis Lohse. Both boys are
sons of leading families of this city.
They were camping on the banks of
the lake during the duck hunting sea-
son. Lohse was returning to camp
with his bag and while lifting the flap
of the tent to enter, his gun hammer
caught on a guy-rope and the weapon
was discharged. Whitley, who was
preparing breakfast, received the
charge in his arm and leg, making two
fearful wounds. He was removed to
St. Margaret's hospital, where he is
not expected to recover.

Result of Bad Reading.

English, Ind., Nov. 3.—Harvey Dear-
born, John Sinclair and Clyde Rob-
erson, near Riceville, were arrested at
their respective homes, accused of
having attempted to wreck the "flyer"
on the Southern railway. They spiked
the rails and placed a tie on the track,
and they also disarranged the fish-
plates. The train was not wrecked, as
the engineer had been warned. The
defendants range in years from twelve
to fourteen. It is supposed that they
have been reading cheap literature.

Filed Lien on Church.

Logansport, Ind., Nov. 3.—Alleging
that he has been unable to collect for
work and material he has furnished in
the construction of the handsome
new Broadway M. E. church in this
city, Walter Laidlaw, a slate roof con-
tractor of Chicago, has filed a me-
chanic's lien against the church prop-
erty for \$2,250.25.

Fell in Boiling Water.

Indianapolis, Nov. 3.—While playing
in the kitchen, in the absence of his
mother, Julius Howard, colored, two
years old, 325 E. Sahm street, fell head
first into a tub of boiling water, re-
ceiving burns from which he died in
a few hours in dreadful agony.

Objection to New Rate.

Boston, Nov. 3.—Attorney General
Parker of Massachusetts has been
asked to petition the supreme court
for an injunction restraining the su-
preme council of the Royal Arcanum
from enforcing the assessment rates
adopted at the convention at Atlantic
City last April and ratified at Put-in
Bay, Ohio, in August.

A Formative Government.

Christiania, Norway, Nov. 3.—The
government has issued a proclamation
recommending the people to vote at
the forthcoming referendum for a
monarchical form of government based
on the British and Italian constitu-
tions.

Incendiaries at Work.

dientary burned a barn and contents be-
longing to John Kruse, near this city,

insurance.

house board has received a report
from its officers aboard the Magnolia
at the time she collided with the fruit
steamer Esparta off New Orleans, with
President Roosevelt aboard. All
blame for the accident is placed upon
the Esparta. It was stated to have
been unavoidable on the part of the
Magnolia. The collision is to be made
the subject of investigation by the

Distinctively Different, In Every Way the Best

The Weekly Globe-Democrat, of St. Louis, covers a field peculiarly
and exclusively its own.

It is issued twice every week, a big Semi-Weekly paper. Eight to
ten large pages every Tuesday and Friday. One Dollar a year.

Nothing particularly different, you say, about that—there are other
Twice-a-Week papers.

Yes, but the similarity ends there. No other paper is like the Globe-
Democrat in any other respect. No other paper equals the Globe-Dem-
ocrat in any respect.

An entirely unique feature of the Globe-Democrat, a feature which is
highly praised by its readers, is its systematic method of preserving and
presenting the Continuity of News.

The two papers each week, Tuesday and Friday, are carefully pre-
pared with the view of giving the complete news of all the world for that
week.

They are so combined in the make up as to form continued and con-
nected stories of the various important events, showing the developments
from day to day and the final results.

Other weekly and twice-a-week papers, as a rule, print only a few
telegrams of the day of issue.

The "Twice-a-Week" Globe-Democrat gives the telegrams of every
day in the week more comprehensively than the average Daily, and of
more value to the average reader.

Moreover, the "Twice-a-week" Globe-Democrat is not simply an echo
of the Daily edition.

It is a separate and distinct publication, especially prepared to sup-
ply the requirements of people who want all the news of all the earth—and
something more.

It presents the World's daily history in concise but complete form.
It is of equal interest in all parts of the United States. It is invaluable
alike to men and women, young and old.

It thoroughly provides for every member of the family. In high-
grade literature it particularly excels. Its market reports are correct and
complete in every detail.

Its departments devoted to "The Home," "The Farm and Garden,"
"The Family Circle," "The Sunday School," "Science and Industry,"
are each and all The Best of their kind and either one is more than worth
the subscription price of the paper.

In politics it is strictly Republican, but it is above all a newspaper,
and tells the truth without fear or favor. It has no equal or rival as a
great National news and home journal.

Remember the price, only One Dollar per year—104 papers—less than
one cent a copy. Postage prepaid.

You will make no mistake if you send \$1.00 today for a year's sub-
scription. Or you can get your own paper One Year Without Cost by
inducing two of your neighbors to subscribe and sending their names
with \$2.00.

FREE SAMPLE COPIES, containing order blanks and full particu-
lars, will be cheerfully furnished upon receipt of postal card request
